A&H Lumping Services

Worker Text Messaging Consent

Optional SMS/MMS consent. Complete and sign only if you choose to opt in.

What I agree to receive

I agree to receive recurring job-related SMS and group MMS messages from A&H Lumping Services at the mobile number I provide below. Messages cover container-unloading assignments, work coordination, questions, unloading status, and reports of purchase order (PO) numbers, container numbers, and box quantities.

Frequency and costs

Message frequency varies by assigned jobs and work activity. Message and data rates may apply.

Group messages and records

Other participants in a group can see my phone number and messages. Company management can keep copies on its phone. Worker reports and original messages may be stored under the assigned client in the company scheduling app.

Optional participation and help

SMS/MMS consent is optional and is not a condition of employment, receiving job assignments, or purchasing services. I can leave the consent box unchecked to decline. Management will coordinate my work by phone calls or in person if I decline or withdraw consent. I can withdraw by replying STOP or contacting management. For help, reply HELP, call (786) 862-0701, or email barquin_harald@yahoo.com.

☐ Optional: I voluntarily agree to receive the SMS/MMS messages described above and acknowledge the program's Privacy Policy and SMS terms. Leave unchecked to decline.
